THE PRESTIGE

Your home is your art gallery

series

Spaces are the silent witnesses of our lives.

Every corner holds a memory; sometimes a laugh,
sometimes a dream...

Arteo Collection brings innovation to your living
spaces in a rapidly
changing world and challenges the ordinary.

Because we know:

You are the true hero of this story.

marble series

Following the path of nature,
in pursuit of elegance.

effect series

The essence of nature,
the impact of modern design.

natural series

Beyond simplicity,
the purest form of nature.

exclusive series

Privilege, embedded
in the essence of every pattern.

exotic series

A gateway to the boundless
world of the soul.

lumina series

Every illuminated pattern
is unique and refined.

Natural beauty brought to life by light...

Translucent stones are rare natural materials that can transmit light due to their semi-transparent structure. Thanks to this feature, they create dramatic and mesmerizing effects in any space through backlighting applications.

Color Play with RGB Lighting

With RGB LED systems, not only red, green, and blue, but millions of color tones can be projected onto translucent stones. This allows for customizable ambiance and creative scene designs tailored to each space.

WARM WHITE LIGHT
(2700K - 3000 K)

NEUTRAL WHITE LIGHT
(4000 K)

COOL WHITE LIGHT
(5000 K - 6500 K)
